

## Looking Upwards receives CVS Caremark Community Grant

CVS Caremark awarded \$1,500 in support of Looking Upwards' Summer Fun Days Camp. The camp offers children with and without disabilities the chance to enjoy fun summer activities such as horseback riding, swimming, sailing, sports and art. It's a summer of learning and adventure in a setting that helps all children appreciate the benefits of a vibrant and inclusive community, an experience that campers take with them throughout their lives.

"CVS Caremark Community Grants are an effective way for us to contribute to the success of communities where we do business." said Jennifer Veilleux, Director of CVS Caremark Corporation. "We are proud to support the work that Looking Upwards does in the community."

The CVS Caremark Community Grant to Looking Upwards is part of CVS Caremark's commitment to its communities throughout the country. Looking Upwards was selected to receive a grant through the CVS Caremark Community Grants 2009 grant application process. Grants were awarded to organizations that share a common vision with CVS Caremark's All Kids Can™ program, which strives to make life easier for children with disabilities. The goal of the program is to create more inclusive environments for children with and without disabilities to build self-esteem, lasting friendships and social skills, and to help children without disabilities learn diversity and tolerance.
